Also, 06MC02 has a negative balance. Is there billing for this account?

Kevin,

I believe Gary B. updated the Special Account information for the Sheridan site in SEMS. CAS

I am not sure if Brain is in the office to do the Falcon site. Please put the extra funds in Contracts.
Gary Moore is doing the removal work for the Falcon. Thanks CAS

Cathy and Carlos –

I left a spreadsheet for you both (Carlos – on your desk, Cathy – Incoming Box) that shows what sites are left to be updated. During the RPMs meeting, Doretha requested the RPMs complete this by COB Oct 22 to allow for Karen and me to compile and send to HQ.

Thanks

Kevin
